

Congressman Don Bacon
Second Congressional District of Nebraska

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the 38th Street Viaduct in Omaha, Neb. in Fiscal Year 2026. The entity to receive funding is the Nebraska Department of Transportation, located at 1500 Nebraska Parkway, Lincoln, NE, 68502. The funding would be used for the construction of a viaduct, replacing the existing structure which is essential to regional mobility and economic resilience. The project is an appropriate use of taxpayer funds because the project will preserve a vital transportation asset, consistent with the federally required state freight plan to improve the reliability of the transportation system and ensure the continued mobility of the traveling public.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Don Bacon", with a stylized flourish at the end.

Member of Congress
