

Congressman Don Bacon
Second Congressional District of Nebraska

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the replacement of water mains in various locations within Valley in Fiscal Year 2026. The entity to receive funding for this project is the City of Valley, located at 203 N. Spruce Street, Valley, Nebraska 68064. The funding would be used to replace old and deteriorated water main pipes. The project is an appropriate use of taxpayer funds because the new pipes will improve water quality within specific areas, improve water flow capacity, and increase the number of fire hydrants for fire protection.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Don Bacon", with a stylized flourish at the end.

Member of Congress
