

**Congressman Don Bacon**  
**Second Congressional District of Nebraska**

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Police dash cams and community surveillance in Fiscal Year 2027. The entity to receive funding for this project is the Village of Waterloo, located at 509 S. Front St Waterloo, NE 68069. The funding would be used for the purchase and installation of dash cameras for police cruisers as well as strategically placed surveillance cameras throughout the Village.

The project is an appropriate use of taxpayer funds because installing dash cameras in police vehicles and surveillance cameras throughout the Village will improve public safety, transparency, and accountability. Dash cameras provide clear documentation of officer interactions and incidents, helping protect both officers and residents while reducing potential liability for the community.

The project has a federal nexus because the funding provided is for authorized by section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Don Bacon". The signature is stylized and cursive.

Member of Congress
