**Second Congressional District of Nebraska**

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Omaha Urban Core Renewal Phase 2 in Fiscal Year 2026. The entity to receive funding for this project is City of Omaha, located at 1819 Farnam St #300

Omaha, NE 68183. The funding would be used for pedestrian pathways, bicycle route connectivity, stormwater management, utility relocation, landscaped areas, parking relocation and will add approximately 1.5 acres of green space to the urban core. The project is an appropriate use of taxpayer funds because this high-traffic area, to be used by the Creighton community and the general public, will provide more greenspace in the urban core while increasing safety for pedestrians using this essential route.

The project has a federal nexus because the funding provided is for purposes authorized by title 23 and title 49 of the U.S. Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Don Bacon". The signature is stylized, with the first name "Don" written in a large, cursive font and "Bacon" written in a smaller, more compact cursive font.
